

Refreshment Services 03.26.20

Conference Call

Good morning!

As we carefully plow through this COVID-19 Pandemic, I want to again thank each of you for your continued support and service.

Although a challenge, we continue to provide all goods and services with respect to coffee, micro market and vending services. With site closings leveling off, our team is faithfully supplying those who are able to work and it is much appreciated.

With respect to the Coronavirus, we are beginning to see indications that we are approaching the apex - a good sign as we look (and hope) to set a new direction soon of getting back to normal.

Please continue to take every precaution - at the warehouse, in your trucks, on the road and at each site that you visit. Please stay well-stocked on all sanitation supplies so that all equipment (especially touch points) is well-disinfected (every visit, every day).

Be warm and friendly while practicing social distancing. It's a delicate balance that has changed the way we do business, but it is important to maintain the safety of all and yet maintain and build the strong relationships that we have.

Keep your eyes and ears open and keep us posted when you begin to see some things shifting on your routes and on the street. And remember, we're here to help. We've got a great bunch and I'm proud of each of you.

Have a great day!

Thank you,

Jack
